General Purpose Colored Nylon Cable Ties

Overview

SapiSelco general purpose cable ties offer a versatile and reliable solution for bundling and organizing cables and wires. Made from durable Nylon 6.6, these ties are designed for consistent performance and easy use. Features include a tip design for faster threading, a one-piece self-locking design, and various tensile strengths. They are available in multiple colors for visual identification and color coding – red, blue, green, yellow, and gray.

These general purpose cable ties are widely used across many industries and applications. They are common in commercial and industrial construction, residential wiring, HVAC, and general maintenance for organizing electrical and networking cables. For simple cable management or rigorous bundling, these ties provide a dependable and economical choice for many everyday and professional applications.

Features

- UL 94: V2 rated Nylon 6.6
- Halogen-free
- Designed for indoor applications
- Rounded edges to avoid cable damage
- Install temperature: -10 °C [14 °F]
- Operating temperature:
  - -40 to +85 °C [-40 to +185 °F]

Agency Approvals

- UL Listed File E160935
- UL 62275
- CSA-C22.2 No62275
- IEC62275
- CE

Cable Tie Assortment Kit

Bucket Mix – Designed for professionals and do-it-yourselfers in mind. Packaged in a practical reusable bucket shaped plastic container, these cable ties are available in a convenient 800-piece assortment including the colors red, blue, green, and yellow. Cable ties are packaged by color in 100-piece bags. This preserves their physical characteristics until the time of use, ensuring optimal performance for every application.

Cable Tie Assortment Kit

Part Number	Price	Description
BUCK.003	$22.00	SapiSelco cable tie assortment kit, red, blue, green and yellow. Package of 800. Includes (400) 5.51in cable ties and (400) 7.87in cable ties.

BUCK.003

Cable Tie Tools

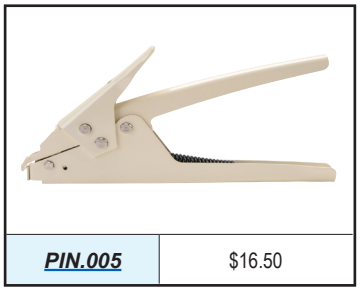
Cable Tie Cutting Tool

The special angle of this cutter's tips enables clean cuts of the ties to sizes between 2.5 and 12.5mm in width, maintaining the wired electric cables intact. The cutter can also be used for cutting cables.

PIN.009	$17.50

Collar Fastening Metal Plier

This tool makes it easier to tighten and cut collars. Use with Double-headed Cable Ties. Leaves a short length of tail close to the head. For use with up to 9mm wide cable ties.



PIN.005	$16.50

Cable Tie Gun Installation Tool

For use with cable ties up to 5mm wide. This tool helps to adjust the preload and cut the tie. Tightening torque of 2.5 kg to 12kg.

PIN.003	$23.50

Cable Ties Family Overview

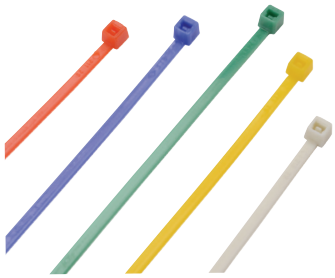
General Purpose Nylon Cable Ties

SapiSelco general purpose Nylon 6.6 cable ties are slotted and held in place by the resistance of the elastic tooth against the rack. These cable ties are resistant to solvents and reagents, oil, gasoline, and hydrocarbons when used at low temperatures, in low concentrations, and for short periods of time. Assortment Kit available.

CLICK TIE

These ties are low-cost, releasable, and reusable cable ties, suitable for lightweight loads. The double-locking head enables securing two cable bundles with one tie. The body is completely rounded to eliminate all sharp edges guaranteeing reliable performance every time.

Colored Nylon Cable Ties



SapiSelco colored Nylon 6.6 cable ties are useful in applications that require distinct identifiers. These ties are colored with inorganic dyes and are resistant to solvents and reagents, oil, gasoline, and hydrocarbons when used at low temperatures, in low concentrations, and for short periods of time. Assortment Kit available.

Stainless Steel Tooth Ties

SapiSelco stainless steel tooth ties are forged from nylon and hardened stainless steel with added Molybdenum. This ensures extremely high mechanical strength and optimal resistance to corrosion. A single central raised section makes this tie particularly flexible, while guaranteeing maximum strength at the same time.

UV Resistant Cable Ties

Exposure to sun and ultraviolet rays causes deterioration in nylon. SapiSelco specialty Nylon UV Resistant cable ties can resist and endure the harsh conditions of outdoor applications for up to 10 years. These ties can withstand temperatures up to 125 °C [257 °F].

Metal Detector Readable Cable Ties

These ties are fabricated with a special composite of 6.6 polyamide and metal powder and are sensitive to electromagnetic fields. They are recommended in the food, pharmaceutical and chemical industry. They are useful in applications where, for safety reasons, it is necessary for a metal detector to be able to detect even very small fragments of these ties that may be mixed in with products.
